OUR FOURTH COLLECTION OF ART NOTECARDS!

## SERIES IV

### *Ranches & Rolling Hills Collection*

Since 1998, a select group of artists has participated in *Ranches & Rolling Hills*, a landscape art show and sale to benefit Marin Agricultural Land Trust (MALT). United by their admiration of the working landscape and their desire to help preserve it as a source of human sustenance and artistic inspiration, they have created an exceptional collection of work which is available for sale just one weekend a year. The works depict farms protected by MALT easements, ranches located in Point Reyes National Seashore, and other private farmlands—all of them reflecting the human and natural history that make West Marin such a special and beloved place.

The images in this notecard series also appear in *Ranches & Rolling Hills: Art of West Marin—A Land in Trust*, an elegant, large-format book published by Windgate Press of Sausalito that features more than 135 full-color works of art selected from the first ten years of the *Ranches & Rolling Hills* art show.
